

Analytical Product Lines

Rosemount Analytical, Inc.

Liquid Analyzers

- Continuous On-line Analyzers for pH/ORP, Conductivity, Resistivity, % Concentration, Turbidity, Total & Free Chlorine, Dissolved Oxygen, Dissolved Ozone, & Select Ion
- Wireless WiHART Transmitters and Smart Sensors

Combustion Analyzers

- In-situ Zirconium Oxide for O₂ or Extractive Flue Gas Analyzers for O₂ & Combustibles (CO); Cross Stack CO
- Compliance and Process Opacity/Dust Density Monitors
- Hagan Pneumatic Fan/Damper Actuators

Process Gas Analyzers/CEMS

- Continuous Analyzers - Single/Multicomponent X-Stream Series NO_x, CO, CO₂, SO₂, O₂, THC, H₂, VOC, Moisture, Cl₂, NH₃, & other gases, General Purpose or Ex-proof; THC
- Continuous Emissions Monitoring Systems, Stand-Alone Cabinets, Shelters, & Modular Systems

Net Safety Monitoring

- Toxic and Combustible Gas Detection Transmitters and Systems; IR or Catalytic LEL, Electrochemical for O₂ and Toxic Gases
- Flame Detectors, UV/IR and Optical

Chromatographs - GC Systems

- Multicomponent Model 700XA Process Gas Chromatograph Transmitter for Process and Ambient Monitoring, field mount (no shelter needed)
- Models 1500XA and 500 Process Gas Chromatographs for most trace and % level Hydrocarbon processing, liquid/gas

Envionics USA

- Ion Mobility Spectrometry (IMS) Industrial Air and Gas Monitors/ Analyzers (PPB and PPM) for Ambient Air, Stack Gas or Process Gases - NH₃, Cl₂, HCl, ClO₂, HF, ETO, CH₄, CH₃Br, VCM, Arsine, Phosphine, Phosgene, Amines, VOC's and many organics

GE Sensing - Moisture & Gas Products

- Chilled Mirror Hygrometer; Moisture Analyzers and Transmitters; Industrial Relative Humidity - Class 1 Div 1
- Tunable Diode Laser (TDL) Moisture Analyzers (PPM) for Natural Gas Pipelines, Atmospheric and Process Gases
- Oxygen Analyzers for Critical Applications, Percent or PPM

Perma Pure, Inc.

- Nafion® Gas Dryers, Baldwin Thermo-Electric Coolers, GASS™ and Baldwin™ Series Sample Conditioning Systems
- Heated Filter Probes; Filters, Scrubbers and Air Dryers
- Flow Control Panels

Rotronic Instrument Corp.

- Digital Relative Humidity, Temperature and Dewpoint Transmitters and Probes; Portable Instruments, Data Loggers

D & M Instruments, Inc.

- Hazardous Area Approved Type "Z" Purge Indicators and Type "X" Purge Controllers

SCADA/Telemetry Product Lines

Dorsett Technologies

- Info-Scan for SCADA and Enterprise-wide Monitoring and Control of Facilities - flexible, expandable system meets specific needs of simple systems to over 100,000 points using existing instrumentation
- Economical MS5 xTalk RTU for Field Mount - Powerful 16 Digital Input, 16 Analog Input, 16 Universal Outputs, with Ethernet Port for Uplink and Four Serial Ports for ModBUS and other standard protocol communication to VFDs and other 3rd party equipment

Process Instrumentation and Control Valve Product Lines

GE Sensing - Industrial

- Flow Products** Clamp-on Transit-Time Portable or Fixed Flowmeters for 1/2" to 300" Line sizes, General Purpose, I. S. or Explosion-Proof, for Liquid, Gas or Steam Service; Vortex Flowmeter for Volumetric or Mass Flow (Multivariable)
- Pressure/Level Products** Druck Submersible Pressure Transducers for Depth/Level Measurement - GP or Hazardous, Process Pressure Transmitters, Industrial "Screw-in" Pressure Transmitters
- Calibrators** DPI 620 Multifunction Documenting Calibrator-HART Communicator- for Pressure, Temperature, Electrical Signals, GP or I. S. Version; Loop/Temperature Calibrators, Pressure and High Precision Pressure Calibrators;
- Pneumatic and Hydraulic Hand Pumps,

Delta M Corporation

- Flow, Level, Interface & Temperature Switches, Thermal Differential Principle; SP76 Compliant Flow Switch,
- VERSA-SWITCH - field configurable for Mass Flow, Level or Temperature

Fox Thermal Instruments, Inc.

- Thermal Mass Flowmeters for Compressed Air, Natural Gas, Process Gas, Combustion Air, Digester Gas, Pure Gas, Mixed Gases, Emissions Monitoring, Energy Accounting + more; Ex-proof Class 1 Div 1 GRP B, C, & D

Trimec Flow Products

- Multipulse PD Flowmeters, Turbopulse In-Line and Dualpulse Insertion Turbine Flowmeters
- Oval Gear Flowmeters, 1/8" to 4" Line Sizes
- Universal Flowrate Totalizer

FLO-Corp

- Flow Meters** - Volumetric, Turbine, Positive Displacement, Purge, Variable Area, Calorimetric and Water Meters
- Level Transmitters/Switches** - Ultrasonic, Radar Level Transmitter for Liquid/Granular Applications, Vibrating Element Level Switch
- DigaCom 2000** Universal Process Meters, IP Configurable for Text/Email Alarm Notification

ProMag, Ltd.

- Magnetic Float Type Liquid Level Indicator/Transmitter; Liquid Level Switches
- Magnetostrictive Level Transmitter
- Auto-Pump Maintenance Free Pump

Phoenix Contact

- Telemetry Systems utilizing Trusted Omnex HopLink Technology (Spread Spectrum Products)

Berthold Technologies U.S.A. LLC

- Non-contact Instruments for Continuous & Point Level, Liquid Density & Solids Mass Flow (Weighing Systems/Free Fall), HART Detectors; Ash in Coal Analyzer
- Microwave Liquid/Slurry Density Gauge
- Microwave Moisture Analyzer Systems
- Radiation Survey Meters, Semi-stationary/Portable

Ceresist, Inc.

- Ceramic Lined Spoolpieces, Elbows, Reducers and Orifice Plates
- Ceramic Lined Butterfly Valves, 2" to 10"

Elite Valve

- Fully Customizable High Performance Knife Gate Valves, Polyurethane Lined Knife Gate Valves for heavy slurry and FGD Systems, 2" to 2", 316 SS, other alloys
- Butterfly Valves Standard or Teflon Coated, Lug Style 2" to 48", AWWA Butterfly Valve to 36"
- Ball Valves, Stainless Steel, 1/4" to 12", 2- and 3-way
- Manual Levers and Handwheels, Pneumatic or Electrical Actuators, Cylinders and Limit Switch Options

Fujikin of America, Inc.

- Solid Ceramic Ball Valves, 1/2" to 6", Throttling, On-off and Manual; Abrasion and Corrosion Resistant

API- Cecomp

- Signal Transmitters, Conditioners, Alarms, Loop Isolators, Power Supplies: DIN or Plug and Socket
- Cecomp Digital Pressure and Temperature Gauges, mA Output or Battery Power; FM Approved Gauges
- RheinTacho Speed Monitors and Tachometers
- Sineax True RMS Multi-function Electrical Power Meters, Power Transducers, Position Transducers

MicroMod Automation & Controls, Inc.

- Legacy PID Controllers: Micro-DCI and MOD Control Product Families; Parts, Upgrades, Replacements
- Pre-engineered Solutions - WaterPAK for Water/Wastewater, SteamPAK for Boiler Control
- HMI Solutions- SCADA, Operator Panels, Networks
- Phoenix DX Variable Speed Digital AC Drives, Panels

PermaCal Industries

- Direct Drive Pressure Gauges- High Reliability & Safety, Process or Test

Precision Digital

- Digital Panel Meters, Combo Bargraph/Digital Display Device for 4 or 8 Channels, Annunciators
- NOVA Series Temperature/Process Controllers: 1/16, 1/8, 3/16, 1/4 DIN w/Setpoint Programs

ThermoCouple Innovations

- Thermocouples, RTDs & Wells, Connectors, Panels, and Accessories

Blue-White Industries

- Metering Pumps- ProSeries Peristaltic or Diaphragm
- Chemical Feed Systems- ProSeries Chem-Feed CFS Pre-engineered or Custom Built incl. 1 or 2 Pumps

APPLICATIONS

Liquid Analyzers

Rosemount Analytical Liquid Div.-pH/ORP, Conductivity, Resistivity, Chlorine, % Concentration, Dissolved Oxygen or Ozone, Turbidity, Select Ion, Wireless WiHART Systems

Gas Analyzers/Sample Systems

Rosemount Analytical- Process Streams, Stack or Flue, CEMS, Chromatographs, Combustion Analyzers
GE Moisture & Gas - Oxygen Analyzers, Percent or PPM
E Instruments- Handheld or Portable Combustion Analyzers
EnviroNics - IMS (Ion Mobile Spectrometry) Ambient and Process
PermaPure- Nafion® Gas Dryers, GASS™ and Baldwin™ Series
Sample Conditioning Systems for Stack or Flue Gas; Filters, Scrubbers, Air Dryers and Heated Filter Sample Probes
GE Moisture & Gas - Tunable Diode Laser (TDL) for Moisture

Moisture

Berthold Technologies- Microwave On-line Analyzer
GE Moisture & Gas- On-line or Portable Moisture Analyzer in Gases

Environmental/Hazardous Area Monitors

D & M Instruments, Inc.- "YZ" Purge Indicators and Systems
Emerson Chromatographs- Area Monitor GC Systems
Emerson Net Safety- Infrared or Catalytic LEL Detection, Toxic Gas and Oxygen Deficiency Transmitters and Systems

Liquid Concentration/Density

Berthold Technologies-Non-contact Radiation Absorption or Microwave Technologies

Flow

GE Sensing - Clamp-on Ultrasonic Transit-Time Meter for Liquid, Gas or Steam Applications; In-line Vortex Meter for Steam or Liquids
Fox Thermal - Thermal Mass Flow Measurements for Compressed Air, Natural Gas, Process Gas, Combustion Air and more
Delta M Corp.- Thermal Differential Gas or Liquid Flow Switches; Thermal Mass Flowmeter for Liquids
FLO-Corp.- Open Channel Flowmeters, Volumetric, Purge, Variable Area, Calorimetric Meters and Water Meters
Berthold Technologies - Non-contact Radiation Absorption for Bulk Materials (belt scale or free fall type)
Aalborg - Thermal Mass Flow Controllers, Digital Mass Flow Controllers, Variable Area (Rotameter) Flowmeters
Trimec Flow Products Positive Displacement, Turbine, Oval Gear Meters

Level

Berthold Technologies- Non-contact Radiation Absorption, Continuous Transmitter or Point Switch
Delta M Corp.- Thermal Differential Point or Multipoint Switches
FLO-Corp.- Radar Level Transmitter for Liquid and Granular Applications, Vibrating Element Level Switch, Ultrasonic Gap Level Switch, *AccuTank* Tank Inventory Management System
Ultrasonic Transmitters and Pump Control Systems
GE Druck- Submersible Level Transmitters
ProMag Ltd.- Magnetic Float Type Indicator/Transmitter, Switches

Temperature/Pressure/RH

Absolute Process Instruments- Transmitters, Alarms, Isolators
API-Cecomp - Digital Pressure Gauges, Digital Temperature Gauges
GE Sensing Druck- Pressure Transmitters, Submersible or Process
MadgeTech- Temperature, DP, P, RH, & Process Data Loggers
MultiCable Corp.- Thermocouple Wire and Cable
Perma-Cal Industries - Direct Drive Pressure Gauges
Precision Digital- Panel Meters, Controllers, Temperature Transmitters: Universal, HART, GP or Ex-Proof
Rotronic Instrument- RH/Dewpoint Transmitters, Loggers
ThermoCouple Innovations- Thermocouples, RTDs, Thermowells, Connectors

Metering Pumps/ Chemical Feed Systems

Blue-White Industries- *Pro-Series* Chem-Pro Diaphragm Metering Pumps and Flex-Pro Peristaltic Metering Pumps, *Pro-Series* Chem-Feed Pre-engineered Single and Dual Pump Skid Systems

Remote Alarming and Telemetry

FLO-Corp.- DigaCom 2000 Remote Alarm Communications
Phoenix Contact- Telemetry Systems for Analog and Digital I/O and RS232 or RS485 Serial Data
Precision Digital- Remote Annunciators and Systems

Controllers/Control Systems/SCADA

Dorsett Technologies-Plantwide SCADA Systems, Field mount RTU's
MicroMod Automation & Controls-Legacy Micro-DCI and MOD Controllers, single or multi-loop control, manual loading stations, display stations; MODCELL Distributed Control w/ HMI Stations; SCADA Systems

Test and Calibration

GE Sensing Druck- Compact Handheld Single or Documenting Multifunction Calibrators: Pressure, Process Signals, Temperature, Electrical; Handpumps, Pneumatic or Hydraulic Pressure Generators
GE Sensing- Portable Clamp-on Flowmeters for Liquids or Gas
E Instruments HVAC- Handheld Flow Monitor for Gas/Air (Velocity, Volumetric, DP, P, Temperature)
Perma-Cal Ind.- Precision Test Gauges (w/optional pump)
Rotronic Instrument- Handheld RH/Temperature Instruments

Valves/ Pipe Components

Elite Valve- High Performance Knife Gate Valves, Butterfly Valves, Ball Valves (2-way and 3-way) and Actuators, Cylinders, Manual Levers, Handwheels, Limit Switches
Fujikin of America- Solid Ceramic Ball Valves, 1/2" to 6" Size, Throttling, On/Off and Manual; Ultra-Precise Control w/ Mini-Control Valves, 1/2" to 2"; *Abrasion-Corrosion Resistant*
Ceresist- Ceramic Orifice Plates, Ceramic Lined Spoolpieces, Elbows, Flange Adapters, Reducers and Pipe Sections; Z-Max Ceramic-Lined Butterfly Valves, 2" to 10" Size
